SUBJECT: Amended FEC Reports

Per your request in correspondence dated June 5, 1996 and June 27, 1996 (enclosed for your reference), the April 1996 Quarterly report has been amended per all points in the letter.

Please note that the beginning balance, which was in question, is correct for the April quarterly report per our bank records. The problem was the our former Executive Director filed the Year End 1995 Filing with the incorrect year end cash on hand balance. To correct this situation, enclosed you will also find an amended Year End 1995 Filing.

Please feel free to contact our new treasurer, Maura Dunne, if you have any questions about the enclosed. She can be reached on (703) 683-5558. Thank you for your time.
